RESPONSE

The present communication is responsive to the Official Action mailed September 15, 2006. A petition for a three-month extension to and including March 15, 2007 is submitted herewith. Claims 1-21 are pending in the present application, claims 22-32 having been withdrawn from consideration.

Claims 1-10 and 12-21 were previously rejected under 35 U.S.C. § 103(a) as being obvious over Glenn, U.S. Patent No. 6,214,644 ("Glenn '644") in view of Haba et al., U.S. Patent No. 6,309,910 ("Haba '910"). In response to Applicants' remarks made in response to this rejection, the Examiner has withdrawn the rejection with respect to claims 1-7, 12-17, and 21 and has now rejected these claims under § 102(b) as being anticipated by Glenn '644. The § 103 rejection over Glenn '644 in view of Habba '910 remains with respect to claim 8-10 and 18-20. Claim 11 is rejected under § 103 as being obvious over Glenn '633 in view of Kim et al., U.S. Patent No. 6,670,206 ("Kim '206").
